

Dr Eleanor Whitmore

Research Fellow | Youth, Education & Public Policy

Manchester, United Kingdom | eleanor.whitmore@example.com | +44 7700 900 214

RESEARCH EXPERIENCE

Senior Research Fellow

Centre for Youth Futures | Manchester, UK | 2022 - Present

- Lead end-to-end mixed-methods research across youth participation, education and transition programmes, from research questions and protocols through analysis, reporting and dissemination.
- Designed interview frameworks and evidence matrices for 60+ stakeholder interviews across government, NGOs and youth-led organisations; findings informed programme redesign and two successful funding proposals.
- Co-author research briefs, peer-reviewed manuscripts and conference outputs while supervising two research assistants and maintaining shared quality-control and citation workflows.

Research Associate

Institute for Learning Studies | Leeds, UK | 2018 - 2022

- Conducted literature reviews, policy analysis and qualitative coding for projects examining school engagement, learner wellbeing and post-16 transitions.
- Built structured evidence-review and data-quality processes that reduced duplicated screening work and improved consistency across a six-person research team.
- Prepared technical appendices, stakeholder summaries and presentation materials tailored to academic and non-specialist audiences.

Graduate Research Assistant

Northbridge University | Sheffield, UK | 2016 - 2018

- Supported participant recruitment, survey administration, transcription review and descriptive analysis for a longitudinal student experience study.

SELECTED RESEARCH PROJECTS

Youth Participation Evidence Hub

designed a cross-country evidence map and synthesis framework used by programme teams to identify gaps and priority questions.

Post-16 Transitions Study

coordinated stakeholder interviews, qualitative coding and practitioner briefings across three regions.

ADDITIONAL RESEARCH CONTRIBUTIONS

- Developed interview guides, coding frameworks and research governance templates adopted by three project teams.
- Facilitated evidence-interpretation workshops with practitioners and youth advisory groups to test findings and refine recommendations.
- Maintained reproducible documentation for literature screening, qualitative coding decisions and publication source checks.

PROFILE

Mixed-methods researcher with 8+ years of experience translating evidence into policy, publications and programme decisions. Specialist in youth participation, education systems and applied social research, with experience coordinating multi-country studies and communicating findings to academic, government and practitioner audiences.

RESEARCH METHODS

- Mixed methods
- Systematic reviews
- Qualitative analysis
- Survey design
- Stakeholder interviews
- Evidence synthesis
- NVivo
- R

EDUCATION

PhD, Education Policy - Northbridge University, 2021

MSc, Social Research Methods - Westborough University, 2017

BA (Hons), Sociology - Kingswell College, 2015

SELECTED OUTPUT

Whitmore, E. & Hassan, L. (2025). Youth voice and institutional trust in post-secondary transitions.

AFFILIATIONS

- Member, British Educational Research Association (BERA)
- Peer reviewer for youth and education research submissions.
