RELEVANT EXPERIENCE

Learning & Communications Coordinator

Horizonte Foundation | Buenos Aires, Argentina | 2023 - Present

- Design and facilitate onboarding workshops for volunteers and programme coordinators across four regional teams, adapting content for varied experience levels and operational contexts.
- Converted policy-heavy induction material into modular facilitator guides, short videos and learner resources; introduced feedback and knowledge checks that increased reported onboarding confidence from 72% to 91%.
- Coordinate subject-matter reviewers, maintain content approval workflows and use participation data to identify topics requiring additional reinforcement.

Communications Coordinator

Horizonte Foundation | Buenos Aires, Argentina | 2020 - 2023

- Managed editorial planning, newsletters, digital campaigns and stakeholder communications for youth programmes while facilitating community workshops and producing audience-specific toolkits.
- Established reusable templates and approval routines that improved consistency across regional teams and reduced time spent rebuilding recurring communications.

Content Specialist

Punto Creativo | Buenos Aires, Argentina | 2018 - 2020

- Produced web, email and campaign content for education and social-impact clients, translating briefs into structured content plans and delivery schedules.

SELECTED L&D; PROJECTS

Onboarding microlearning

transformed induction content into short scenario-led modules with knowledge checks and downloadable job aids.

Facilitator guide

produced session plans, discussion prompts and troubleshooting notes for programme coordinators delivering regional workshops.

Scenario-based compliance module

storyboarded branching practice around realistic workplace decisions and feedback.

SELECTED OUTCOMES

- Workshop redesign - shortened a three-hour induction session into a blended 90-minute workshop plus pre-work and follow-up resources.
- Content governance - created naming, version-control and review conventions for recurring learning materials used by four regional teams.
- Learner feedback analysis - summarised survey comments and knowledge-check trends to prioritise monthly content improvements.
